

Print and Image Licensing Information for WACphotography

All images on WACphotography.com are available for purchase in the form of fine art prints or image licensing, unless otherwise noted.

These prints are available as open-edition, signed prints made with state-of-the-art photographic printing technology. Whether originally captured on film or in a digital camera, we prepare the images for printing in the digital darkroom using techniques that accurately reproduce the vibrancy, colors, and textures that were envisioned when taking the photograph. We then determine the choice of printing process and type of paper based on the mood and character of the image. All prints are printed by a professional photo laboratory using a continuous tone printing process on either Kodak Professional Endura Paper or Fuji Crystal Archive Paper, or using an inkjet (Giclée) printer on smooth texture watercolor or other photographic papers designed specifically for inkjet printers.

We put our very best into each and every print we produce. All prints may be mounted on 2mm archival styrene board or ¾" Standout Board for further rigidity and durability. All prints are also available on a metallic paper for an additional 15% over the standard price list. Metallic prints have a vibrant, iridescent depth that adds a wonderful "punch" to the images.

Prints are treated with a Lustre Coating, which is an environmentally safe water based coating providing protection and giving a slightly matte appearance to your prints.

All prints are archival quality with a life-expectancy of at least sixty years when handled and displayed properly.

Prints are sold in multiple sizes: 11x14, 16x20, 16x24, 20x30, 24x36 and 30x40. Each is available in a variety of formats-

- **Print Only**
- **Print Mounted on 2mm Styrene**

Styrene is a plastic mounting board 2mm thick. Standard color is white. We find this to be one of the best mounting substrates available.

- **Print Mounted on ¾ inch Standout Board**

Standout is a thick lightweight board finished with a black plastic edge and comes ready to display with hanging holes on the backside. Standout is available in ¾" and nothing extra needs to be done to prepare for display. Please note- delivery times can be longer than normal with this product.

All images can also be made into notecards cards. These are approximately 4x6 images on a 5x7 folded card. The notecards cards are blank on the inside and are great for sending to a friend or simply putting in a frame. Each card comes with an envelope.

Each print is custom-printed to your order.

All prints are signed and labeled.

*Please allow 2-4 weeks for delivery.

*Sales and specials are constantly being updated so check back often!

Print Pricing and sizes are as follows:

PRINT SIZE:	PRINT ONLY:	MOUNTED on 2mm Styrene:	MOUNTED on ¾" Standout

Satisfaction Guarantee

We are confident that you will be pleased with the quality of the final print, and we offer a "no questions asked" return policy for assurance. If you are dissatisfied for any reason, simply return the print within thirty days for a full refund. Please contact wac@wacphotography.com to let us know of any problems and to arrange for shipping.

Portrait and Wedding Information

At WACphotography, I am first and foremost concerned with the quality of product that is turned out, professionalism, and the satisfaction of the customer.

The packages offered below are designed to give you an idea of the services I offer, and an estimate of price. All shoots should be discussed in advance where we can address any concerns or questions that you might have about your session. If you have creative or unique ideas for your session, please let me know, and we can build a package based around your needs.

Families, Children, Newborns

Everyone has a story to tell. And there is no better way to tell that story than to approach a shoot in a relaxed, candid and fun manner. I look for the moments in-between the poses, because they tell the truth. They catch the laughter, the silliness, and the true nature of the client. I believe life is sweet, and I love being a part of your story. Kids are amazing...just as they are. Running, laughing, being silly...just being themselves. So my portrait sessions let them do just that! The results are a collection of fantastically fun images that you will treasure always...

Family, Children, Newborn sessions start at \$200. Please contact me for more detailed information, or to schedule a consultation.

For Family, Children, Newborn information please contact wac@wacphotography.com

Weddings

My style is a mix of fine art, photojournalism & just plain FUN imagery. I find that the unexpected moments create the most beautiful shots. Our collections will allow you to relive every second of your wedding day with laughter and tears...they will tell the true story of you.

Give me a call today! I look forward to hearing from you!

Wedding packages start at \$1800. Please contact me for more detailed information, or to schedule a consultation.

For Wedding/Bridal Portrait information please contact wac@wacphotography.com

Band/Commercial photography

I will spend up to 3 hours with you, shooting your band/organization at locations that best represent your look and feel. The price for this is \$450.00. Please contact me for more detailed information, or to schedule a consultation.

If you have any other questions about a session you would like to do besides what you see here, don't hesitate to contact me and I would be happy to discuss it with you.

For Band/Commercial inquiries and information please contact wac@wacphotography.com
